

## DEAR PARENT/GUARDIAN,

Texas SUCCESS provides state-funded access to interactive math and reading programs for Texas public school students in grades 3–8.

Parents of Texas students now have the opportunity to view your child’s progress through your own Think Through Math parent account. Follow these steps to sign up for a Think Through Math parent account.

- Visit [www.texassuccess.org](http://www.texassuccess.org).
- Click the Sign up link under the Math heading at the top of the page.
- Select the parent option and enter the requested information.
- You will receive an e-mail explaining the steps for activating your account. If our e-mail does not appear in your inbox shortly, please check your junk mail.
- Your student does not have a District username or password. Please Select Option 2 and follow those directions.

Once you finalize and log in to your account, you will be asked to add your student’s username and password.

## ABOUT THINK THROUGH MATH

Think Through Math personalizes student learning with unprecedented levels of differentiation, explicit instruction, meaningful practice, motivational tools, and after-school access to LIVE, state-certified teachers (including Spanish-speaking teachers).

Because Think Through Math is Web-based, your child can access the program from any computer that is connected to the Internet, whether at school, home, or a library. This program has been proved to increase math proficiency.

## RECOMMENDATIONS

1. Encourage your child’s participation. The more time students engage with the program, the more they will experience success and the more they will learn.
2. Encourage your child’s thoughtfulness. The program provides constant support and immediate feedback, especially in those areas in which students tend to struggle.

For questions about Texas SUCCESS, please visit [www.texassuccess.org](http://www.texassuccess.org) , email us at [help@texassuccess.org](mailto:help@texassuccess.org) , or call us, toll-free, at 877-315-4918.
